

# Kindergarten News

Mrs. Marty King mking@htlc-bg.org

April 14, 2017

We are learning about insects and creating our own. We wrote a poem about our insect.

**Our verse:** "He is not here...He has risen, just as he said." Matthew 28:6

## Highlights of the Week:

- Making Resurrection eggs to tell others about Holy Week and the Resurrection
- Using jelly beans to make a bar graph
- Hearing and retelling the The Tale of Peter Rabbit
- Learning about the life cycles of the ladybug, butterfly and the characteristics of insects
- Tracking our mastery of skills with the ladybug club
- Practicing more subtraction with "bunny teeth"
- Creating our own insects and writing a poem about it
- Reading words with /y,qu/
- Coloring Easter Eggs and writing about how we did it.
- Seeing our caterpillars and ladybugs move into the pupa stage.

## Coming Up:

Thirty-second week of school we will learn

- Religion:
- Literacy: review all sight words, special focus /a/, and . We will take benchmark assessment #5.
- Math: subtraction, count by 2's,5's,10's, time and counting coins
- Theme:Insects and Birds
- Social Skills: field trip manners
- Book of the Week: Homes Around the World

## Important:

1. Sign up now for "Mucky Madness", a messy fun run for kids on April 28.
2. Keep working on your April reading records. Reading together at home is the most important thing you can do to help your child.
3. Please pack your child's lunch for our field trip on Thurs. April 20.
4. We are working to get all the spots filled in on our ladybugs. These are for skills we need to master. Help your child work on these skills at home.
4. Our final big event of the year will be Kindergarten Circus on May 11. I could use parent volunteers to help find circus music and work on costumes and decorations. This is a work in progress.
