Classroom News

As Jesus grew up his love for God grew stronger and stronger. So much, that one day, while his parents left the temple, he stayed behind and listened to the stories told there. Today, these stories about God's love and forgiveness are still told and it is our job to continue to help tell these stories to everyone and live by them. Each week, this class learns a new Bible story and by the end of the week, each child can tell you the story by himself.

The letter P and the number two were introduced this week. The children practiced writing the words and the number with worksheets. The children are beginning to recognize sight words. This week we put together I Am A _____. Each child got to complete the sentence. We also learned that a sentence begins with a capital letter and ends with a period.

Monday, we did a science experiment making a snow blizzard in a jar. The children were so excited to see it explode over the edges of the jar.

Wednesday, we painted a picture on "ice" using aluminum foil as a substitute. We completed the week with a winter relay race with scarves, hats, and mittens. The reward: chocolate marshmallow snowmen of course!!
